Definition of U.S. GAAP to Non-GAAP Measures

- (a) We prepare our financial statements using U.S. GAAP. From time to time, we may disclose certain “non-GAAP financial measures” in this document or in the course of our earnings releases, earnings and other conference calls, financial presentations, definitive proxy statements and other public disclosures. A “non-GAAP financial measure” excludes, or includes, amounts from the most directly comparable measure calculated and presented in accordance with U.S. GAAP. We consider the non-GAAP financial measures we disclose to be useful to us, investors, analysts and other stakeholders by providing further transparency about, or an alternate means of assessing or comparing our financial condition, operating results and capital adequacy. These measures are not in accordance with, or a substitute for, U.S. GAAP and may be different from or inconsistent with non-GAAP financial measures used by other companies. Whenever we refer to a non-GAAP financial measure, we will also generally define it or present the most directly comparable financial measure calculated and presented in accordance with U.S. GAAP, along with a reconciliation of the differences between the U.S. GAAP financial measure and the non-GAAP financial measure. We present certain non-GAAP financial measures that exclude the impact of mark-to-market gains and losses on DCP investments from net revenues and compensation expenses. The impact of DCP is primarily reflected in our Wealth Management business segment results. These measures allow for better comparability of period-to-period underlying operating performance and revenue trends, especially in our Wealth Management business segment. By excluding the impact of these items, we are better able to describe the business drivers and resulting impact to net revenues and corresponding change to the associated compensation expenses. For more information, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Executive Summary” in the 2023 Form 10-K.
- (b) The following are considered non-GAAP financial measures:
- Tangible common equity represents common shareholders’ equity less goodwill and intangible assets net of allowable mortgage servicing rights deduction. In addition, we believe that certain ratios that utilize tangible common equity, such as return on average tangible common equity (“ROTCE”) and tangible book value per common share, also non-GAAP financial measures, are useful for evaluating the operating performance and capital adequacy of the business period-to-period, respectively.
 - ROTCE represents annualized earnings applicable to Morgan Stanley common shareholders as a percentage of average tangible common equity.
 - Tangible book value per common share represents tangible common equity divided by common shares outstanding.
 - Segment return on average common equity and return on average tangible common equity represent net income applicable to Morgan Stanley by segment less preferred dividends allocated to each segment, annualized as a percentage of average common equity and average tangible common equity, respectively, allocated to each segment. The amount of capital allocated to the business segments is generally set at the beginning of each year and remains fixed throughout the year until the next annual reset unless a significant business change occurs (e.g., acquisition or disposition).
 - Net revenues excluding DCP represents net revenues adjusted for the impact of mark-to-market gains and losses on economic hedges associated with certain employee deferred cash-based compensation plans.
 - Compensation expense excluding DCP represents compensation adjusted for the impact related to certain employee deferred cash-based compensation plans linked to investment performance.

Definitions of Performance Metrics and Terms

Our earnings releases, earnings conference calls, financial presentations and other communications may also include certain metrics that we believe to be useful to us, investors, analysts and other stakeholders by providing further transparency about, or an additional means of assessing, our financial condition and operating results.

Page 1:

- (a) Provision for credit losses represents the provision for credit losses on loans held for investment and unfunded lending commitments.
- (b) Net income applicable to Morgan Stanley represents net income, less net income applicable to nonredeemable noncontrolling interests.
- (c) Earnings applicable to Morgan Stanley common shareholders represents net income applicable to Morgan Stanley, less preferred dividends.

Page 2:

- (a) Return on average common equity represents annualized earnings applicable to Morgan Stanley common shareholders as a percentage of average common equity.
- (b) Return on average tangible common equity represents a non-GAAP financial measure.
- (c) Book value per common share represents common equity divided by period end common shares outstanding.
- (d) Tangible book value per common share represents a non-GAAP financial measure.
- (e) Pre-tax margin represents income before provision for income taxes as a percentage of net revenues.
- (f) The Firm expense efficiency ratio represents total non-interest expenses as a percentage of net revenues.

Page 3:

- (a) Liquidity Resources, which are primarily held within the Parent Company and its major operating subsidiaries, are comprised of high quality liquid assets (HQLA) and cash deposits with banks. The total amount of Liquidity Resources is actively managed by us considering the following components: unsecured debt maturity profile; balance sheet size and composition; funding needs in a stressed environment, inclusive of contingent cash outflows; legal entity, regional and segment liquidity requirements; regulatory requirements; and collateral requirements. Average Liquidity Resources represents the average daily balance for the three months ended June 30, 2024, March 31, 2024 and June 30, 2023.
- (b) Our goodwill and intangible balances utilized in the calculation of tangible common equity are net of allowable mortgage servicing rights deduction.
- (c) Tangible common equity represents a non-GAAP financial measure.
- (d) U.S. Bank refer to our U.S. Bank Subsidiaries, Morgan Stanley Bank N.A. and Morgan Stanley Private Bank, National Association, and excludes transactions between the bank subsidiaries, as well as deposits from the Parent Company and affiliates.
- (e) Firmwide regional revenues reflect our consolidated net revenues on a managed basis. Further discussion regarding the geographic methodology for net revenues is disclosed in Note 22 to the consolidated financial statements included in the 2023 Form 10-K.

Page 4:

- (a) Our attribution of average common equity to the business segments is based on the Required Capital framework, an internal capital adequacy measure. This framework is a risk-based and leverage-based capital measure, which is compared with our regulatory capital to ensure that we maintain an amount of going concern capital after absorbing potential losses from stress events, where applicable, at a point in time. The amount of capital allocated to the business segments is generally set at the beginning of each year and remains fixed throughout the year until the next annual reset unless a significant business change occurs (e.g., acquisition or disposition). We define the difference between our total average common equity and the sum of the average common equity amounts allocated to our business segments as Parent Company common equity. The Required Capital framework is based on our regulatory capital requirements. We continue to evaluate our Required Capital framework with respect to the impact of evolving regulatory requirements, as appropriate. For further discussion of the framework, refer to "Management's Discussion and Analysis of Financial Condition and Results of Operations – Liquidity and Capital Resources – Regulatory Requirements" in the 2023 Form 10-K.
- (b) Our risk-based capital ratios are computed under each of (i) the standardized approaches for calculating credit risk and market risk risk-weighted assets (RWAs) ("Standardized Approach") and (ii) the applicable advanced approaches for calculating credit risk, market risk and operational risk RWAs ("Advanced Approach"). For information on the calculation of regulatory capital and ratios, and associated regulatory requirements, please refer to "Management's Discussion and Analysis of Financial Condition and Results of Operations – Liquidity and Capital Resources – Regulatory Requirements" in the 2023 Form 10-K.
- (c) Supplementary leverage ratio represents Tier 1 capital divided by the total supplementary leverage exposure.

Page 5:

- (a) Institutional Securities Equity and Fixed income net revenues include trading, net interest income (interest income less interest expense), asset management, commissions and fees, investments and other revenues which are directly attributable to those businesses.
- (b) Pre-tax margin represents income before provision for income taxes as a percentage of net revenues.
- (c) VaR represents the unrealized loss in portfolio value that, based on historically observed market risk factor movements, would have been exceeded with a frequency of 5%, or five times in every 100 trading days, if the portfolio were held constant for one day. Further discussion of the calculation of VaR and the limitations of our VaR methodology, is disclosed in "Quantitative and Qualitative Disclosures about Risk" included in the 2023 Form 10-K.

Page 6:

- (a) Transactional revenues for the Wealth Management segment includes investment banking, trading, and commissions and fee revenues.
- (b) Net interest income represents interest income less interest expense.
- (c) Other revenues for the Wealth Management segment includes investments and other revenues.
- (d) Pre-tax margin represents income before provision for income taxes as a percentage of net revenues.

Definitions of Performance Metrics and Terms

Our earnings releases, earnings conference calls, financial presentations and other communications may also include certain metrics that we believe to be useful to us, investors, analysts and other stakeholders by providing further transparency about, or an additional means of assessing, our financial condition and operating results.

Page 7:

- (a) Client assets represent those for which Wealth Management is providing services including financial advisor-led brokerage, custody, administrative and investment advisory services; self-directed brokerage and investment advisory services; financial and wealth planning services; workplace services, including stock plan administration, and retirement plan services.
- (b) Net new assets represent client asset inflows, inclusive of interest, dividends and asset acquisitions, less client asset outflows, and exclude the impact of business combinations/divestitures and the impact of fees and commissions.
- (c) Margin and other lending represents margin lending arrangements, which allow customers to borrow against the value of qualifying securities and other lending which includes non-purpose securities-based lending on non-bank entities.
- (d) Deposits reflect liabilities sourced from Wealth Management clients and other sources of funding on our U.S. Bank Subsidiaries. Deposits include sweep deposit programs, savings and other deposits, and time deposits.
- (e) Annualized weighted average cost of deposits represents the total annualized weighted average cost of the various deposit products, excluding the effect of related hedging derivatives. The period end cost of deposits is based upon balances and rates as of June 30, 2024, March 31, 2024 and June 30, 2023. The period average is based on daily balances and rates for the period.
- (f) Advisor-led client assets represent client assets in accounts that have a Wealth Management representative assigned.
- (g) Fee-based client assets represent the amount of assets in client accounts where the basis of payment for services is a fee calculated on those assets.
- (h) Fee-based asset flows include net new fee-based assets (including asset acquisitions), net account transfers, dividends, interest and client fees, and exclude institutional cash management related activity. For a description of the Inflows and Outflows included in Fee-based asset flows, see Fee-based client assets in the 2023 Form 10-K.
- (i) Self-directed client assets represent active accounts which are not advisor led. Active accounts are defined as having at least \$25 in assets.
- (j) Daily average revenue trades (DARTs) represent the total self-directed trades in a period divided by the number of trading days during that period.
- (k) Self-directed households represent the total number of households that include at least one active account with self-directed assets. Individual households or participants that are engaged in one or more of our Wealth Management channels are included in each of the respective channel counts.
- (l) The workplace channel assets includes equity compensation solutions for companies, their executives and employees. Stock plan unvested assets represent the market value of public company securities at the end of the period.
- (m) Stock plan participants represent total accounts with vested and/or unvested stock plan assets in the workplace channel. Individuals with accounts in multiple plans are counted as participants in each plan.

Page 8:

- (a) Asset management and related fees represents management and administrative fees, distribution fees, and performance-based fees, not in the form of carried interest. Asset management and related fees represents Asset management as reported on our consolidated income statement.
- (b) Performance-based income and other includes performance-based fees in the form of carried interest, gains and losses from investments, gains and losses from hedges on seed capital and certain employee deferred compensation plans, net interest, and other revenues. Performance-based income and other represents investments, investment banking, trading, net interest and other revenues as reported on our consolidated income statement.
- (c) Pre-tax margin represents income before provision for income taxes as a percentage of net revenues.

Page 9:

- (a) Investment Management Alternatives and Solutions asset class includes products in Fund of Funds, Real Estate, Private Equity and Credit strategies, Multi-Asset portfolios, as well as Custom Separate Account portfolios.
- (b) Investment Management net flows include new commitments, investments or reinvestments, net of client redemptions, returns of capital post-fund investment period and dividends not reinvested and excludes the impact of the transition of funds from their commitment period to the invested capital period.
- (c) Overlay Services represents investment strategies that use passive exposure instruments to obtain, offset, or substitute specific portfolio exposures beyond those provided by the underlying holdings of the fund.
- (d) Total assets under management or supervision excludes shares of minority stake assets which represent the Investment Management business segment's proportional share of assets managed by third-party asset managers in which we hold investments accounted for under the equity method.

Page 10 and 11:

- (a) Corporate loans include relationship and event-driven loans and typically consist of revolving lines of credit, term loans and bridge loans.
- (b) Secured lending facilities include loans provided to clients, which are primarily secured by loans, which are, in turn, collateralized by various assets including residential real estate, commercial real estate, corporate and financial assets.
- (c) Securities-based lending and other includes financing extended to sales and trading customers and corporate loans purchased in the secondary market.
- (d) Institutional Securities Lending Commitments principally include Corporate lending activity.

Supplemental Quantitative Details and Calculations

Page 1:

- (1) The following sets forth the net revenue impact of mark-to-market gains and losses on investments associated with DCP and compensation expense impact related to DCP:

	2Q24	1Q24	2Q23	2Q24 YTD	2Q23 YTD
Net revenues	\$ 15,019	\$ 15,136	\$ 13,457	30,155	27,974
Adjustment for mark-to-market on DCP	54	(187)	(114)	(133)	(267)
Adjusted Net revenues - non-GAAP	<u>\$ 15,073</u>	<u>\$ 14,949</u>	<u>\$ 13,343</u>	<u>\$ 30,022</u>	<u>\$ 27,707</u>
Compensation expense	\$ 6,460	\$ 6,696	\$ 6,262	\$ 13,156	\$ 12,672
Adjustment for mark-to-market on DCP	(55)	(249)	(178)	(304)	(371)
Adjusted Compensation expense - non-GAAP	<u>\$ 6,405</u>	<u>\$ 6,447</u>	<u>\$ 6,084</u>	<u>\$ 12,852</u>	<u>\$ 12,301</u>

- Compensation expense for deferred cash-based compensation plans awards is calculated based on the notional value of the award granted, adjusted for changes in the fair value of the referenced investments that employees select. Compensation expense is recognized over the vesting period relevant to each separately vesting portion of deferred awards. The table above presents non-GAAP adjusted Compensation expense which excludes amounts recognized in Compensation expense associated with certain cash-based deferred compensation plans.
- We invest directly, as principal, in financial instruments and other investments to economically hedge certain of our obligations under these deferred cash-based compensation plans. Changes in the fair value of such investments, net of financing costs, are recorded in net revenues, and included in Transactional revenues in the Wealth Management business segment. Although changes in compensation expense resulting from changes in the fair value of the referenced investments will generally be offset by changes in the fair value of investments recognized in net revenues, there is typically a timing difference between the immediate recognition of gains and losses on our investments and the deferred recognition of the related compensation expense over the vesting period. While this timing difference may not be material to our Income before provision for income taxes in any individual period, it may impact the Wealth Management business segment reported ratios and operating metrics in certain periods due to potentially significant impacts to net revenues and compensation expenses. The table above presents non-GAAP adjusted Net revenues which excludes amounts recognized in Net revenues related to mark-to-market gains and losses, net of financing costs, on investments associated with certain cash-based deferred compensation plans.

- (2) The Firm non-interest expenses by category are as follows:

	2Q24	1Q24	2Q23	2Q24 YTD	2Q23 YTD
Compensation and benefits	\$ 6,460	\$ 6,696	\$ 6,262	\$ 13,156	\$ 12,672
Non-compensation expenses:					
Brokerage, clearing and exchange fees	995	921	875	1,916	1,756
Information processing and communications	1,011	976	926	1,987	1,841
Professional services	753	639	767	1,392	1,477
Occupancy and equipment	464	441	471	905	911
Marketing and business development	245	217	236	462	483
Other	941	857	947	1,798	1,867
Total non-compensation expenses	<u>4,409</u>	<u>4,051</u>	<u>4,222</u>	<u>8,460</u>	<u>8,335</u>
Total non-interest expenses	<u>\$ 10,869</u>	<u>\$ 10,747</u>	<u>\$ 10,484</u>	<u>\$ 21,616</u>	<u>\$ 21,007</u>

Page 3:

- (1) Includes loans held for investment (net of allowance), loans held for sale and also includes loans at fair value which are included in Trading assets on the balance sheet.
- (2) As of June 30, 2024, March 31, 2024 and June 30, 2023, the U.S. Bank investment securities portfolio included held to maturity investment securities of \$50.2 billion, \$50.7 billion and \$54.9 billion, respectively.

Page 5:

- (1) Institutional Securities average tangible common equity represents average common equity adjusted to exclude goodwill and intangible assets net of allowable mortgage servicing rights deduction. The adjustments are as follows: 2Q24: \$482mm; 1Q24: \$482mm; 2Q23: \$471mm; 2Q24 YTD: \$482mm; 2Q23 YTD: \$471mm

Page 6:

- (1) The following sets forth the net revenue impact of mark-to-market gains and losses on investments associated with DCP and compensation expense impact related to DCP:

	2Q24	1Q24	2Q23	2Q24 YTD	2Q23 YTD
Net revenues	\$ 6,792	\$ 6,880	\$ 6,660	\$ 13,672	\$ 13,219
Adjustment for mark-to-market on DCP	45	(140)	(82)	(95)	(183)
Adjusted Net revenues - non-GAAP	<u>\$ 6,837</u>	<u>\$ 6,740</u>	<u>\$ 6,578</u>	<u>\$ 13,577</u>	<u>\$ 13,036</u>
Compensation expense	\$ 3,601	\$ 3,788	\$ 3,503	\$ 7,389	\$ 6,980
Adjustment for mark-to-market on DCP	(33)	(156)	(107)	(189)	(226)
Adjusted Compensation expense - non-GAAP	<u>\$ 3,568</u>	<u>\$ 3,632</u>	<u>\$ 3,396</u>	<u>\$ 7,200</u>	<u>\$ 6,754</u>

- (2) Wealth Management average tangible common equity represents average common equity adjusted to exclude goodwill and intangible assets net of allowable mortgage servicing rights deduction. The adjustments are as follows: 2Q24: \$13,582mm; 1Q24: \$13,582mm; 2Q23: \$14,075mm; 2Q24 YTD: \$13,582mm; 2Q23 YTD: \$14,075mm

Supplemental Quantitative Details and Calculations

Page 7:

- (1) Wealth Management other lending included \$2 billion of non-purpose securities based lending on non-bank entities in each period ended June 30, 2024, March 31, 2024 and June 30, 2023.
- (2) For the quarters ended June 30, 2024, March 31, 2024 and June 30, 2023, Wealth Management deposits of \$343 billion, \$347 billion and \$343 billion, respectively. Total deposits details are as follows:

	2Q24	1Q24	2Q23
Brokerage sweep deposits	\$ 129	\$ 139	\$ 158
Other deposits	214	208	185
Total deposits	<u>\$ 343</u>	<u>\$ 347</u>	<u>\$ 343</u>

Page 8:

- (1) Investment Management average tangible common equity represents average common equity adjusted to exclude goodwill and intangible assets net of allowable mortgage servicing rights deduction. The adjustments are as follows: 2Q24: \$9,676mm; 1Q24: \$9,676mm; 2Q23: \$9,687mm; 2Q24 YTD: \$9,676mm; 2Q23 YTD: \$9,687mm.

Page 10:

- (1) For the quarters ended June 30, 2024, March 31, 2024 and June 30, 2023, Investment Management reflected loan balances of \$481 million, \$465 million and \$386 million, respectively.

Page 11:

- (1) For the quarter ended June 30, 2024, the Allowance Rollforward for Loans and Lending Commitments is as follows:

	Institutional Securities	Wealth Management	Total
Loans			
Allowance for Credit Losses (ACL)			
Beginning Balance - March 31, 2024	\$ 852	\$ 289	\$ 1,141
